Dear Elaine Allan:

Thank you for your letter of January 12, 2020, requesting the Ministry of Education provide Legacy Funding for Skills Canada BC in connection with hosting the National Skills Competition 2020 in Vancouver. I am sure the competition will provide a great opportunity to showcase youth skill development.

As mentioned at the meeting on December 10, 2019 with Nicola Lemmer, Assistant Deputy Minister of Education Programs, the Ministry of Education has allocated all funding appropriated in Budget 2019. The Ministry is not making any commitments for additional investments at this time.

Also as mentioned at our meeting in December, we are happy to disseminate information about the competition with our partners in school districts and schools. We appreciate the information sent by Skills Canada to share with our sector.

Thank you, again, for writing.

Sincerely,

Emilie Hillier
Executive Director, Strategic Policy and Integration
