Executive Director's Year in Review

Season's Greetings from the Executive Director

Despite the many challenges Skills Canada BC faced during 2020, including needing to cancel the Provincial and Nationals 2020 competitions, Skills Canada BC reached its **highest number of participants** in its Regional competitions this year.

Skills Canada BC engaged **4,835 competitors** in its province-wide, Regional 2020 competitions between **January and March 2020**.

This is an increase of over **3,000 competitors** in the Regional competitions since 2018. Please [click here](#) to review or download Skills Canada BC's Regionals 2020 Report.

I sincerely want to thank Skills Canada BC's staff, board, Regional Coordinators, host schools, volunteers, industry and government partners, tech chairs, and judges for supporting Skills Canada BC's success throughout 2020.

Best wishes for a safe and happy holiday season.

Stay Safe!

Elaine Allan, BA, MBA
Executive Director
