### Industry Partner Video Series - Kiewit Supports the Skilled Trades

The work of Skills Canada BC is supported by industry partners such as Kiewit.

To watch the "Kiewit Supports the Skilled Trades" video please [click here](#).

The "Kiewit Supports the Skilled Trades" video is hosted on Skills Canada BC's ["Inspire Program's Open Source Learning Portal"](#).

Skills Canada BC delivers its "Inspire" program to over 15,000 students (Grade 6 to 10) students every year across the province.

"Inspire" is a one hour, in-school program that uses compelling video content and hands-on activities to encourage students to explore careers in the trades/technology fields and pathways to apprenticeships that they may never otherwise consider.

During the pandemic, the "Inspire" program was converted into an [Open-Source Learning Tool](#) that students and teachers could access remotely.

To access "Inspire's" online resources including the "Kiewit Supports the Skilled Trades" video please [click here](#).

## Newsletter

Today, the **Inspire!** Program is available in three formats:

- **Open-Source Learning Tool**
- **Virtual Classroom (Live) Presentation**
- **In-Class Session**

Remember to like and [subscribe](#) to Skills Canada BC's YouTube channel.

Stay safe!

Best regards,

**Elaine Allan, BA, MBA**  
**Executive Director**
