### Architecture Paper Tower Challenge - National Trades & Technology Week 2020

#### Greetings from the Executive Director

This fall, Skills Canada BC will continue to host a series of online challenges that students can do from home and at school. [#SkillsBC Online Challenges Series](#).

This week, as part of National Skilled Trade & Technology Week, we are offering a new online challenge – Architecture Paper Tower Challenge.

- [Architecture Paper Tower Challenge](#)

Utilize some of your "[Essential Skills](#)" to design and build your choice and enter for your chance to win a \$100 E-Gift Card!

Teachers can invite your students to take part in this challenge or incorporate it into your lessons.

Skills Canada BC appreciates the support of its judges and sponsors!

Stay well!

**Elaine Allan, BA, MBA**  
**Executive Director**

#### Architecture Paper Tower Challenge

*Do you have supplies laying around your home that you could upcycle to build a paper tower? How about your recycling bin? We have an interesting challenge for you!*

Use your creative arts, math and science skills for the [Architecture Paper Tower Challenge](#) today.

NSTTW is a key date in the annual Skills/Compétences Canada (SCC) calendar. The goal of this week-long event is to promote and host awareness raising events around the many career opportunities in skilled trades and technology in Canada. During NSTTW organizations from across Canada get involved with SCC in a “hands-on” way to promote skilled trades and technology careers to youth, parents and the public.
