Let's Talk Careers Competition

Skills/Compétences Canada and Let's Talk Science has teamed with [ChatterHigh](#) to ensure your students can have fun while becoming informed! Are you and your students ready to quiz up a storm?

Through the "Let's Talk Careers Competition" there will be bursaries available for students and cash prizes for schools! Additionally, there will be a second opportunity to compete and win in the spring!

The concept is simple. Answer career and post-secondary exploration questions via the ChatterHigh platform from October 26 to December 4 to earn points and win prizes. The site can be used anytime but the sooner you get in there and introduce your class to the quiz, the faster you, your students and the school will be at collecting points during the competition dates!
