Competitor package forward:	March 5, 2026
Contest consecutive 5 hour period:	choice of March 5, 6, 9 or 10, 2026
Finished project deadline to be received by Skills Canada BC:	March 11, 2026 @ 8:30 am
Provincial contest held at Tradex Centre:	April 15 th , 2026

VIDEO PRODUCTIONS (Secondary) 2026 (Team of Two)

Purpose of the Challenge:

To evaluate student's proficiency in the video production field.

Skills & Knowledge to be Tested:

Each team on the day of the competition will:

- Plan, shoot and edit a video that is 60 seconds exactly that uses the theme/requirements presented at the orientation meeting in your school.

Specific Requirements:

Note: It is recognized that having a virtual competition means that teams will be using varying equipment for both production and post production. The following guidelines have been established to create as fair a competition as possible. Remember, the most important component of your video is the message!

- A team may consist of no more than 2 competitors.
- Final project will be exported using the H.264 compression (.mov or .mpeg is acceptable) and submitted online. Please change the filename to have the competitor number and Region for EACH video.

Timeline:

- You are to produce this video in a 5 hour **continuous** time block which need not be part of the school day. If this project is not completed during school hours, the sponsor teacher must sign off on the start and completion times to ensure the 5 hour time period.

Equipment / Tools / Materials

Note: The equipment and tools listed below are suggestions only. As this is a virtual contest it is recognized that various manufacturers of equipment will be utilized dependent on what is available locally. The following is a suggested list.

- Editing system of choice – PC, Mac or Mobile Device (only one)
- One video camera or DSLR with lenses.
- A recording memory card / hard drive free of previous recorded material, and a means of transferring footage to the computer, i.e. card reader, etc.
- Batteries and chargers (for camera, audio devices, etc.)
- Microphones and audio recording devices (shotgun, boom, lav, handheld, wireless, external audio recorder, desktop usb mic).
- Headphones - *Optional: a splitter so both competitors can hear audio at once.*
- Tripods, monopods, handheld gimbals, rails jibs or sliders. NO DRONES.
- Lights: studio or camera mounted.

Judging / Distribution of Marks

Production Brief	/5
Camera Work: composition and technical operation	/20
Audio: clarity, consistency, appropriateness, overall mix	/20
Editing: flow, pacing, transitions, effects, graphics	/15
Storytelling: evidence of planning; introduction and closing; fulfils goals and objectives; coherency; effective writing and/or information appropriate to subject matter, target audience and style of video.	/15
Project Specifications: identifies and abides by genre specification; incorporates the required theme/requirements; fulfills goals & objectives; correct length.	/15
Overall impact	/10
Total	/100

Production Brief:

Create a document including the following:

- **Heading:** should include Title, Production Brief and Team Number (do not identify your names or school on this sheet)
- **Target Audience:** Identify your target audience and provide a statement outlining your strategy to “grab” your target audience.
- **Goals and Objectives:** state your goals and objectives for the video.
- **Identify Genre:** identify genre you used to complete your video.
- **Approach:** explain and justify your choice of style i.e. music; types of shots; graphics; pacing etc.
- **Equipment Used:** list the equipment used in production.
- **Media Used:** list the media (music, sound fx, stock footage) used in your presentation including any releases or permissions required.
- **Innovative Solutions:** explain problem-solving methods used to overcome any challenges encountered during the production.
- **Use of AI:** If AI is used (NOT for media creation) list and describe how it was used.

Your contest package will be forwarded to the teacher/supervisor on the morning of **March 5, 2026**, by email. You will have until **March 10** to complete the video in ONE continuous FIVE HOUR period. Contestants will receive the package not before the beginning of their 5 hour period.

The finished product must be submitted to revans@deltaschools.ca (using email, Google Drive, or OneDrive) no later than March 11th, 2026 @8:30 am.
Any submissions received after this date will not be judged.

The instructions for the submission process will be included in the contest package that will be forwarded the morning of March 5th.

All submissions will be judged by a panel of experts arranged by Skills Canada BC. Successful competitors that qualify for Provincials will be notified prior to **April 3rd, 2026**. The Provincials will be held at the Tradex Centre in Abbotsford on **April 15th, 2026**.

Questions or Concerns can be directed to Video Productions Technical Chair:
